

NVS-10030020GS

Rock Shaped Garden Speaker 20W

DESCRIPTION

The NVS-10030020GS is a Rock shaped Garden Speaker with built-in 70V/100V transformer. The transmission decreases line losses over longer distances and allows several loudspeakers to be connected in parallel. It has a thick, scratch-resistant coating. The high-end resin container is waterproof and has a rock shape. It has a thick, scratch-resistant coating. Installation in an outside space is simple and secure. It's an excellent solution for outdoor industrial and commercial applications such as train stations, shopping malls, parking lots, and factories that require background music and paging.

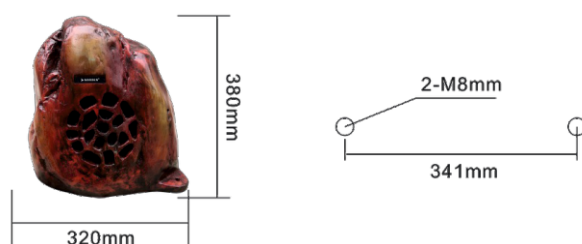

FEATURES

- ◉ IP66 Waterproof level
- ◉ High-class resin material
- ◉ Easy installation
- ◉ Heavy damage proof finish
- ◉ Landscape garden loudspeaker
