

NVS-11300250WS

10" Two-way Full Range Speaker 250W

DESCRIPTION

The NVS-11300250WS is a professional 2-way loud speaker. It has drivers that are 10 inches in the bass and 1 inch in the treble, which produces crystal-clear, sonorous sound. The wide frequency response of this speaker (48 Hz to 18,000 Hz) ensures long-term durability and ensures that it will never lose its shape. It is the perfect option for karaoke room, live performances, conferences, shopping malls, and other small high-fidelity amplification places.

FEATURES

- ◉ Two-way full range cabinet with reflex bass technology
- ◉ Equipped with high quality woofer and tweeter, ensure excellent performance
- ◉ Anti-resonance designed cabinet, painted metal mesh with sound transmitting cotton
- ◉ Tweeter with advanced treble shock absorbing technology, making treble sound more clear and pleasant
- ◉ Woofer unit with strengthened paper coil, adopts unique magnetic circuit technology, making bass sound more resonant
