**NVS-IP30048IC**
# Visual Intercom Terminal

## Descriptions

NVS-IP30048IC Network Video Outdoor LED Screen Terminal adopts professional audio and video processing chip and embedded Linux operating system, stable and reliable. Using 32*64 LED dot matrix screen, it can display real-time working status and release information. The built-in high-definition camera can be used for emergency call So that the operator will get a real time view of the incident. The machine can output remote audio data stream to audio signals, with intelligent host control; has a built-in MP3 player, and 1 auxiliary audio output interface for connecting other amplifiers to expand the audio output.

### FEATURES

⊙ Built-in 3W/8Ω monitor speaker and array microphone.

⊙ Support H264 encode and decode format.

⊙ Support SIP protocol for video intercom and remote paging

⊙ Built-in 2 million pixels infrared camera, for night vision.

⊙ Built in emergency alarm light & LED display

| Specifications | |
|---|---|
| Model | NVS-10080006CS |
| Built in Speaker | 3W |
| Inbuilt Amplifier Power | 2 x 10W |
| Sensitivity (Network Audio) | 300mV±50mV |
| Frequency Response (Network Audio) | 50Hz-15kHz |
| SNR(Network Audio) | ≥70 dB |
| Mic input Sensitivity | 5-15mV |
| Mic Frequency Response | 300Hz-3.2kHz |
| Protection | Overcurrent, Overheating, Overvoltage and Undervoltage |
| Machine Dimensions (L×W×H mm) | 375×291×134 |
| Weight | 5.5kg |
